EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Murrell Blackburn on 5/11/06.

The application has been amended as follows:

Claim 1, line 5: replace "stored on a plurality of forms in the cellular site information database," with "stored in the cellular site information database associated with a plurality of forms,"

Claim 12, line 10: replace "stored on the plurality of forms in the cellular site information database," with "stored in the cellular site information database associated with the plurality of forms,"

Claim 19, lines 3-4: replace "stored on a plurality of forms in the cellular site information database," with "stored in the cellular site information database associated with a plurality of forms,"

Reasons for Allowance

Claims 1-9, 11-20 are allowed over the prior art of record based upon the arguments presented in the remarks submitted on 02/17/2006 and for the reasons stated below.

The following is an examiner's statement of reasons for allowance: The Prior art does not teach or fairly suggest the subject matter of these claims. Independent Claims 1, 12 and 19, when considered as a whole, are allowable over the prior art of record. Specifically, prior art of record fails to clearly teach or suggest the method of inputting a form name input from a specific cellular related list of forms to retrieve a blank form in which a value may be received corresponding to a cellular site which then queries the database and populates the form as seen in Claims 1, 12 and 19.

Dependent claims 2-9, 11, 13-18 and 20 further add limitations to the allowable subject matter of the respective independent claims, thus are also allowable.

Conclusion

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
